**DOCKETED**

TO: Docket Control

JAN 17 2017

DATE: January 17, 2017

DOCKETED BY

FROM: Chairman Tom Forese's Office

SUBJECT: Arizona Public Service Company #E-01345A-16-0036 & #E-01345A-16-0123

---

Chairman Forese's office received 18 letters sent by the acting president of the APEX HOA, John Soltis, referencing the above docket numbers. The correspondence can be viewed in eDocket at <http://edocket.azcc.gov/>.

2017 JAN 17 PM 4:39  
AZ CORP. COM.  
DOCKET CONTROL

0,9.2017

Mr. Tom Forese  
Commissioner  
Arizona Corporation Commission  
Commissioners Wing  
1200 W. Washington - 2nd Floor  
Phoenix, Arizona 85007

Dear Mr. Forese:

As the acting president of the APEX HOA I am sending you signed letters requesting that the EPCOR proposal to change the rate structure for Sun City wastewater district be rejected. This is a SHAM. It is unfair treatment to the residents of Sun City who have fully paid for their wastewater treatment for years. Why should they pay the same rate as people of Anthem and other areas that are mainly full time residents of the state of Arizona who have more adults and children. About one third of the residents of Sun City are "SNOW BIRDS" and do not live here for four to six months a year, and most of the "SNOW BIRDS" have only one or two adults living in a unit. Also most of the full time residents that live here are not working and have limited incomes.

The second concerns the APS "MANDATORY DEMAND CHANGES". The current system works well for people in Sun City on limited incomes. This seems like another SHAM.

Please consider our requests for your vote against both of these issues since they are not in the best interests of the residents of the APEX HOA and all the other residents of Sun City, especially those with limited income. Our current board of Mona Dobben, Pat Stairs, and Larry Baysinger are in full agreement with the APEX HOA residents.

Sincerely,

John Soltis

10747 W. Denham Dr.

Dear Mr. Forese:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

*John Soltes*
